Instructions

- 1. This part of the competition consists of 2 problems (O5 and O6), and is worth a total of 50 points.**
- 2. You have 10 minutes to complete these problems.**
- 3. Stop working once the timer expires.**
- 4. At the end of the examination, hand over the test envelope to the supervisor at the station.**
- 5. You will use a telescope to observe five red LED screens at a distance. The telescope is equipped with one eyepiece, but no finderscope. Some of these screens display the names of planets, some show Messier numbers, and some show equatorial coordinates.**
